What the hell?!

Are you finally ready to fight with your true strength?

!

Doesn't the heat radiating from your arm mean that you're ready to fight?

...!

히익!!

This is...!

Now show me...

the skills you've been hiding this whole time!

If you keep running away like that.

I might really kill you!!

Chapter 14

... You bastard

You were hit in a fatal spot, yet...

not even a scratch on you...?

Little brother!!

Kugh...

Kugh...

How...

It was just a single hit.

On... top of that...

To think he'd retaliate in that position...

That can't even be called...

martial arts...

...

I....

Little brother!

FLINCH

Don't come near me! You monster!

Kyaa!

What the hell are you? You were hit so many times by the Demon Blade, yet there's not a single scratch on you?

TLR: Demon Blade part of "sword wielded" don't google!!

Even if you do have the Indestructible Golden Body, this is not possible!

I don't want to harm anyone else.

So...

Please, let her go...

I told you to stay away!

If you get any closer, I won't be responsible for what happens to this—

PAAN!!

You guys were
pretty popular, so
I expected you to
be somewhat
stifled...!

She's just shocked. This is probably the first time this has happened to her, so give her some time.

Sorry young lady, but can you go home by yourself?

I have something to discuss with this young man...

dash

Hiss Hisssss what kind of thing is that...?

Thank you for saving Chung-ah.

But what business do you have with me?

It's no use trying to hide your dislikes.

I've already seen everything up until this point, so you might as well come out with it.

Allow me to introduce myself first.

My name is Yeom Ma-sung.

I may be a part of Murim, but I don't belong to any clan.

I received the "Way of the Golden Earth Dragon" from an old hermit, and have been practicing alone ever since.

Well, you probably saw just now...

...funny skills are enough to take care of trash like them.

I've been studying alone all this time...

...so I'm pretty confident about myself.

There's nothing I desire more than to test my skills against others.

Gul-ah, its working.

I wonder how strong I am.

and how many other strong skills are out there that are just like mine.

I just so happened to hear about the Byeol Chun-Lan rumors.

and how they collect information about every type of martial arts from all over the world.

I wondered what would happen if I heard against an opponent who knew every skill in the world.

Would I be able to hold my ground against him?

If that's why you're here,

then you've got the wrong person.

I'm...

No

I'm certain I came to the right place!

It's not that you don't know how to use martial arts, it's that you're trying so hard not to use it

Not only that, but you seem to know of a skill that only belongs to Byeol Chun-Lim, so I'm sure of it

I don't exactly know what kind of techniques you use...

However, you'll be fighting me no matter how much you resist

Even if I don't have an hostage.

I can use my own skills to force you to use yours!
